PRODUCT SAFETY DATA SHEET

Productname: Oxysafe Gel

7. Handling and storage

Handling: Does not require any specific or particular measures
Storage: Store out of direct sunlight.
Store in cool and preferably dark place (4-10 Degrees Centigrade)
Protect from frost

8. Exposure controls/personal protection

Personal protective equipment: No specific measures are required, provided the product is handled in accordance with the general rules of occupational hygiene and safety
Eye protection: Not required
Hand protection: Not required, prolonged and/or repeated handling: protective gloves

9. Physical and chemical properties

Form: Gel
Color: Pale grey/white
Odor: Peppermint
pH: 5.8-6.8
Density: 1.04-1.10 g/ml
Boiling point: >100 Degrees Centigrade
Solubility in water: Partly soluble in water
Microbiology TVC <1000

10. Stability and reactivity

Stability: Product is stable at room temperature
Materials to avoid: Product oxidizes if it comes in contact with some metals

11. Toxicological information

Acute toxicity: Quantitative data on the toxicity of this product are not available
Inhalation: No negative effects known
Skin contact: Slight irritation possible
Eye contact: Slight irritation possible
Swallowing: Slight irritation possible

12. Ecological information

Quantitative data on the ecological effect of this product are not available

13. Disposal considerations

Product: Product must be disposed of in compliance with the respective national regulations
Packaging: Product must be disposed of in compliance with the respective national regulations

PRODUCT SAFETY DATA SHEET

Productname: Oxysafe Gel

14. Transport information

Rail/Road: Not restricted
Sea: Not restricted
Air: Not restricted

15. Regulatory information

Labelling: Mandatory labelling of hazardous preparations: Not applicable

16. Other information

-

The information contained herein is based on the present knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.

This safety data sheet should be used in conjunction with technical sheets. It does not replace them. The information given is based on the knowledge of this product, at the time of publication. It is given in good faith. The attention of the user is drawn to the possible risks incurred by using the product for any other purpose other than that for which it was intended. This does not in any way excuse the user from knowing and applying all the regulations governing this activity. It is the sole responsibility of the user to take all precautions required in handling the product. The aim of the mandatory regulations mentioned is to help the user to fulfil his obligations regarding the use of possible hazardous products. This information is not exhaustive. This does not exonerate the user from ensuring that legal obligations, other than those mentioned, relating to the use and storage of the product, do not exist. This is solely his responsibility.
